## THE REHABILITATION CENTER ON PICO

CARING COMES  
FROM THE HEART

## 24-HOUR NURSING CARE

Whether you need short-term rehabilitation or 24-hour skilled nursing care, our licensed and trained staff are committed to providing care in an atmosphere that promotes healing and enrichment. Our full range of professional nursing services include:

- 24-hour RN, LVN, CNA care
- Intravenous Therapy (IV)
- Wound care management
- Post-surgical care
- Enteral nutrition
- Diabetic management
- Ostomy care
- Cardiac monitoring and management
- Neurological and cognitive care
- Pain management

## REHABILITATION PROGRAM

Our experienced therapists work as part of the interdisciplinary team to develop a plan of care with the goal of returning each patient to their highest level of function. Consisting of Physical, Occupational, and Speech Therapists, the team assists in the rehabilitation of:

- Post Orthopedic Recovery, including total knee, hip, and back surgery.
- Neurological
- Stroke
- Cardiac Recovery
- Pulmonary
- Swallowing Disorders
- Multiple Trauma
- Generalized weakness

## PATHWAY HOME

Our multi-disciplinary approach ensures members from each discipline work in collaboration to develop the right plan of care for each patient. During a patient's stay, our team meets regularly to evaluate areas of focus as we plan for a safe return home.
